

An Outing to Chaddsford Winery

On May 20, 2017, a chilly Saturday afternoon, about twenty-five sorors met on the beautiful landscaped grounds of the Chaddsford Winery. This outing was to enjoy a wine tasting and spring food truck event that was sponsored by the winery. The event was very engaging as there were many activities available. One could go on a walking tour to explore how the wines are prepared for market, sample the foods from the food trucks, taste the different kinds of wines, cider and beer made at the winery or just relax, talk or listen to the band (whose playlist included great urban music). Sorors participated in most of what was offered and had a great fellowship that lingered late into the afternoon, despite the cool temperature. It was agreed that the Chapter Outings Committee planned another successful event and introduced a new relaxing experience - the Chaddsford Winery.
